

Broadcasting Administrative Decision CRTC L2022-30

Ottawa, 19 July 2022

Vernon Community Radio Society
Vernon, British Columbia

Application 2022-0332-1, received 28 June 2022

CFAV-FM Vernon British Columbia – Extension of deadline to commence operation of a new community radio station

1. The Commission **approves** the application by Vernon Community Radio Society relating to the English-language community radio programming undertaking in Vernon, British Columbia, approved in *Community radio station in Vernon*, Broadcasting Decision CRTC 2020-322, 2 September 2020 (Broadcasting Decision 2020-322) for an extension of the deadline set out in that decision to commence the operation of that radio station.
2. This is the applicant's first request for an extension of that deadline. Applicants are generally given two years to commence operations, with the possibility of two additional 12-month extensions (for a total of four years), if needed.
3. Accordingly, the Commission extends to **2 September 2023** the deadline by which the operation of this radio station must commence. The authorization granted in Broadcasting Decision 2020-322 will become null and void should the licensee fail to meet this new implementation deadline.
4. The transmitter must be operational at the earliest possible date, unless a request for an extension of time is approved by the Commission before **2 September 2023**. In order to ensure that such a request is processed in a timely manner, it should be submitted at least 60 days before this date.

Secretary General
